EDUCATION

University of Cincinnati | Bachelor of Science, Computer Science | 3.0 GPA | Expected May 2028

Dr Edward N. Prather Summer Bridge Scholar

Choose Ohio First Scholar

SKILLS/CERTIFICATIONS

Programming: Python (Intermediate), C++ (Intermediate), MATLAB (Intermediate), LabVIEW (Intermediate)

Software & Tools: Visual Studio, Microsoft Office, Google Workspace, Unity Game Engine

Operating Systems: Windows 11, Mac OS, Linux

Unity 2023 Essential Training Certificate | August 2025 – Present

- Learned techniques used in Unity visualizations and game development
- Got an introduction to the basics of level design, lighting, materials, and animation.

C++ Programming Professional Certificate | OpenEDG C++ Institute | January 2025 – Present

- Learned the fundamentals of C++ syntax
- Practice advanced C++ concepts like Lambda expressions, Classes, Design patterns, and more
- Completing provided examples to further ingrain the concepts into memory

Programming with Python Professional Certificate | OpenEDG Python Institute | January 2025 – Present

- Learned the fundamentals of Python syntax and structures
- Develop Python skills by completing thought provoking challenges
- Practicing advanced Python concepts like “Magic” Methods, Object-Oriented Programming, Data Classes, and more

EXPERIENCE

Polaris Prime AI Program | Completed

- Worked with Discovery Lab Global for 15 weeks to develop skills in AI fluency and learning cybersecurity fundamentals by completing various tasks
- Learned about AI and using that knowledge to train a neural network to win in a video game
- Prototyped an AI Command Center for Search and Rescue inside of a 3D virtual AI/Cybersecurity campus

University Residential Advisor | January 2026 – Present

- Plan and facilitate engaging, community programs to foster resident connection and campus involvement
- Mentor and support residents in their personal, academic, and professional development
- Enforce university policies and uphold community standards to maintain a safe and respectful community
- Mediate resident conflicts and address policy violations using effective conflict-resolution and incident report writing strategies
- Promote resident safety, well-being, and inclusivity within a diverse campus community

Summer Bridge Facilitator | June 2025 – July 2025

- Oversaw the bridge participants in class and in-residence halls
- Oversaw student development, student conduct, conflict management and crisis intervention
- Planned team building and bonding exercises for the students to participate in
- Had knowledge of departmental and university policies and ensured that the bridge students were aware and followed policies and procedures in the resident hall

PROJECTS

University Of Construction | January 2025 – Present

- Developed a 2D platforming game where your main objective is to make it to your class while avoiding different enemies and obstacles
- Self-teaching how to use the Unity game engine and furthering my C programming skills through research, intense trial and error, and implementing various forms of feedback

Engineer Design Thinking LEGO Mindstorms ev3 Robot | September 2023 – December 2024

- Worked as part of a 4-person team to design, build, and test a robot to perform a specific set of tasks
- Built the robot, solved problems with its design, and came up with ways to build it so it could accomplish the specified
- Helped keep the team organized and focused on our current tasks
- Earned an outstanding evaluation on the project by the course instructor

ACTIVITIES

National Society of Black Engineers | Member | Aug 2024 – Present

- Participated in club meetings and events

AWARDS & HONORS

Marmon Foodservice Technologies Innovate-O-Thon Finalist

AVAILABLE FOR CO-OP: Spring 2027
